

TESTING THE PAPERLIKE SCREEN PROTECTOR

- ✓ easy to apply. Detailed instructions at use.paperlike.com
Took about 10-15 minutes to apply + remove air bubbles.
- ✓ really does make writing on an iPad feel more like writing on paper instead of glass
- ✓ Lovely feedback sound when writing
- ✓ Forces you to slow down, so your handwriting might improve.

COST: CAD \$60

(but you get two screens for that, plus installation tools

X

air bubbles are impossible to remove completely

X!!!

may not work with all note-taking or drawing apps

?

GOODNOTES - didn't work at first, but now seems fine

✓

NOTABILITY worked perfectly

✓

NOTES, PROCREATE both worked well

VERDICT

Worth the investment if you have the means, but other, cheaper screen protectors may work just as well.
